Guidelines for the Rowland High School Commencement Ceremony

The goal of the Rowland High School Staff is to provide for a formal, special event that celebrates the milestone of graduating from high school. We have created guidelines to support this meaningful event and ask that all guests abide by them.

- Every person that comes to the event will require a ticket regardless of the age of the individual.
- There is to be no unauthorized entrance onto the track or athletic field.
- Items that disrupt the viewing or sound of the ceremony are prohibited such as balloons, posters, umbrellas and noisemakers.
- All aisles and stairwells within the stadium must be clear at all times.
- Handicap seating and parking must be prearranged, and this seating is available to the handicapped person plus one other. See Mrs. Valiente to prearrange handicap seating no later than May 31st.

Note: Rowland High School staff reserves the right to remove individuals that do not comply with these graduation guidelines.
