2020 GRADUATE AND PARENTS, IT'S SENIOR PORTRAIT TIME!
We have arranged with South Coast Photographic 3081 E. Ceena Ct. Anaheim to photograph your senior Yearbook Image. They are our high school's official senior portrait photographer and your image must be taken by them to be published in the yearbook. This will help us maintain a consistent quality for yearbook production.

GRADUATING CLASS OF 2020

Traditionally, Seniors have a professional portrait session as part of their final high school year. Along with the Yearbook images, you may want to be photographed with a sport uniform and equipment, a musical instrument, or with a pet or buddy. South Coast Photographic offers different studio sessions to capture those special high school memories of you. If you have any questions, give the studio a call. Financial arrangements can be made.
